

Features

- Call and Reset button
- Optional pull cord (SF574) included
- Reset button supports Rounding and Check-In functions
- Includes screws, anchors, and a wall-mount bracket
- IP65 water resistant
- Long-lasting and replaceable battery
- Low battery indication

Description

The SF572 is a wireless, surface-mountable station that includes a Call button, a pull cord, an LED for call indication, and a Reset button. Rounding and Check-In functions may also be enabled on the SF572.

When a call is placed, it annunciates on any master stations, duty stations, staff apps, and monitors installed on the Tek-CARE system zoned to display the call. The SF572 stations are configured using the LS450 Config Tool software. By default, the push button and pull cord place an “Emergency” call.

Custom call types can be created and applied using the LS450 Config Tool Software. The SF572 may be directly surface-mounted to a non-metallic surface, or mounted using a non-metallic single-gang backbox or low voltage ring.

Required Components

NC570 Receiver
NC571 Repeater

SF572 Pull-Cord Station

Specifications

Dimensions:	4.2"H × 3.4"W × 0.86"D (106 mm × 87 mm × 22 mm)
Battery:	BA007 ×2 (CA2477)
Mounting:	Surface-mounted; attach back plate to a standard plastic single-gang ring or single-gang box. Do not use metal rings or boxes as it interferes with the wireless signal.
Construction:	PC board with quality electronic components mounted on a plastic faceplate

TekTone® has designed Tek-CARE®570 to work as a system. Its Tek-CARE® Appliance Server has been carefully designed and matched to work with Tek-CARE570 wireless and wired peripherals. TekTone will not warrant or support components of Tek-CARE570 that are purchased separately unless the components are add-ons to previously sold systems. TekTone will also not warrant or support a system that is a mix of TekTone and non-TekTone parts, unless prior permission has been obtained. A site survey must be performed and submitted before ordering a Tek-CARE570 system. In order to track our systems and to inform facilities of software upgrades, full site information (site name, address and phone number) will be required when ordering. Site information and Tek-CARE Appliance Server warranty numbers will also be required when requesting technical support.
